A LETTER FROM THE FOUNDER

Every home tells a story long before a single word is spoken. When someone walks through the front door, they don't simply notice the furniture or admire the finishes—they experience a feeling. Comfort. Warmth. Peace. Joy. Those moments are the true purpose of great design, and they have inspired me throughout my career.

For more than sixteen years, Mopa Design Studio has been built on one simple belief: exceptional design should be both beautiful and deeply personal. Every client arrives with a unique vision, a different lifestyle, and a story waiting to be told. My role is not to impose a signature style, but to carefully listen, understand, and transform that vision into a home that feels authentically theirs.

Over the years, I have had the privilege of designing homes throughout the United States, collaborating with homeowners, builders, and professionals who share a passion for thoughtful living. Whether creating a sophisticated contemporary residence, a timeless coastal retreat, or a warm family home, every project begins with the same question:

HOW DO YOU WANT TO FEEL WHEN YOU WALK THROUGH YOUR FRONT DOOR?

That answer guides every decision that follows.

To me, luxury has never been defined by price. True luxury is found in thoughtful planning, quality craftsmanship, carefully selected furnishings, and timeless details that continue to bring joy for years to come. It is about creating spaces that not only look extraordinary, but enrich everyday life.

As you turn the pages of this journal, I invite you into the world of Mopa Design Studio—a collection of ideas, inspirations, and projects that reflect my passion for creating homes where beauty and comfort exist in perfect harmony.

Thank you for allowing me to share this journey with you. I hope it inspires you to imagine the possibilities for your own home.

With gratitude,

Monika Ormos

EXCLUSIVE *Interview*

A CONVERSATION WITH MONIKA ORMOS
FOUNDER & PRINCIPAL DESIGNER
MOPA DESIGN STUDIO

In this exclusive interview, Monika Ormos shares her design philosophy, creative process, and the inspiration behind creating timeless interiors. From her European roots to her passion for meaningful spaces, Monika opens up about what truly defines luxury living and how she brings each client's story to life through design.

1. WHAT INSPIRES YOUR DESIGN PHILOSOPHY?

My philosophy is rooted in timeless elegance, comfort, and function. I believe a home should not only look beautiful but also support the way you live. Every detail matters—because it's the details that create lasting impressions.

2. HOW WOULD YOU DESCRIBE YOUR SIGNATURE STYLE?

Timeless. Elevated. Livable. I create spaces that feel collected over time—where quality materials, layered textures, and refined details come together in perfect harmony. My goal is always to create a sense of calm and understated luxury.

3. WHAT IS YOUR APPROACH TO UNDERSTANDING A CLIENT'S VISION?

I listen deeply. Every project begins with getting to know my clients—their lifestyle, their tastes, and what makes them feel at home. From there, I translate their vision into a cohesive design that feels authentic to them.

4. WHERE DO YOU FIND YOUR INSPIRATION?

I find inspiration everywhere—architecture, nature, travel, art, and even in everyday moments. My European background and extensive travels continue to shape the way I see beauty, balance, and proportion in design.

WHAT MAKES A HOME TRULY LUXURIOUS?

It's not about price—it's about intention. A luxurious home is one that is thoughtfully designed, beautifully executed, and deeply personal. When every element has a purpose and tells a story, that's when a home becomes truly extraordinary.

6. WHAT ADVICE WOULD YOU GIVE TO SOMEONE STARTING THEIR DESIGN JOURNEY?

Trust your instincts, invest in quality, and don't be afraid to take your time. Great design is a journey—not a rush. Surround yourself with beauty you love, and create a home that reflects who you are.

“Great design is about more than what you see—it's about how a space makes you feel every day. It should inspire, comfort, and elevate your life.”

— MONIKA ORMOS —
